

COUNCIL ELECTION
WARD OF PORT MELBOURNE

VOTE **1**
ADRIAN KING

VOTING PREFERENCES

I possess a professional background in transforming businesses focused on **Sustainability and Healthcare**.

However, despite my professional passions and personal values channelled towards **Sustainability and Healthcare**, I am unable to express any preference regarding new candidates I have not met, namely Richard Whitfield, David Wright and Sabina Sablok.

New candidates either **ignored** invitations to meet in person to inspect hard evidence of Council fraud and corruption (evidence signed off by qualified lawyers) or did not make themselves readily available.

For your vote to count you must enter a number against each candidate. From number 1 through to number 5. If you do not place a unique number against each candidate your vote will not count. Each candidate must be allocated a number.

Please number myself, **Adrian King, Number 1**. Please number the incumbent Mayor, **Heather Cunsolo, Number 5**.

Please exercise your personal discretion with regard to Richard Whitfield, David Wright and Sabina Sablok (using numbers 2, 3 and 4 as you see fit).
