

COUNCIL ELECTION

Port Melbourne Ward

ADRIAN KING

Thank You To Port Melbourne

A heartfelt thank you to the residents of Port Melbourne for your time, curiosity and courtesy over the past two months. From a zero base we achieved a respectable clear 2nd place in a short period of time. Thank you for your vote.

Residents asked many times would I stick around post the election. On behalf of a group of committed locals and myself, the simple answer is yes. Port Melbourne is a sleeping giant with immediate challenges. Port Melbourne deserves, warrants and requires focus.

For Port Melbourne to thrive it requires an honest, capable and responsive Council. Not a lot of good happens if our Council is pre-occupied with looking after itself first and foremost - at the direct expense of local residents (cost \$2,000 per adult per annum). The website votecomunity.com.au will be an ongoing source of further hard facts, evidence and information.

Thankfully, this election offers hope. The newly elected Council will include seven fresh faces many of whom shared a common platform in Port Melbourne last month on the topic of community safety.

The seeds of hope are timely. Port Melbourne needs the new Council to do differently.

On behalf of an amazing support team and myself I wish residents of Port Melbourne and the new Council all the best.
